Business Question and Visualization Report

Date	28 October 2026
Team ID	EN25CS3010857
Project Name	Electric Vehicle Market Analysis Using Tableau
Maximum Marks	5 Marks

Visualization development refers to the process of creating graphical representations of data to facilitate understanding, analysis, and decision-making. The goal is to transform complex datasets into visual formats that are easy to interpret, enabling users to gain insights and make informed decisions. Visualization development involves selecting appropriate visual elements, designing layouts, and using interactive features to enhance the user experience. This process is commonly associated with data visualization tools and platforms, and it plays a crucial role in business intelligence, analytics, and reporting

Business Questions and Visualisation

The process involves defining specific business questions to guide the creation of meaningful and actionable visualizations using data stored in Snowflake. Well-framed business questions help identify the required metrics, determine the appropriate Snowflake tables or analytical views, select relevant data, and create visualizations that provide useful business insights.

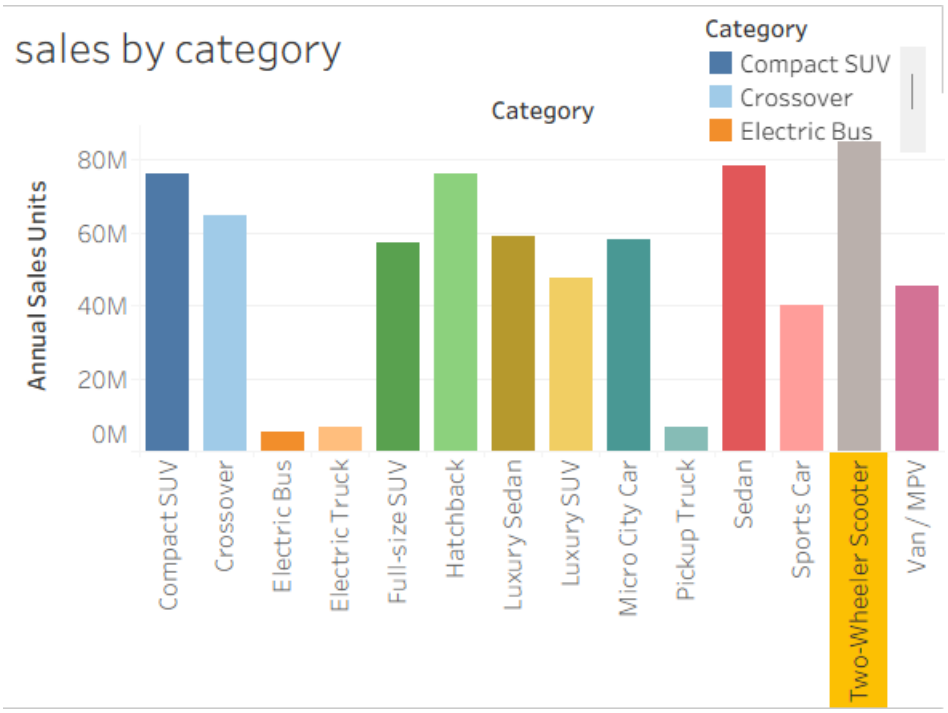

Sample

1. **What are the monthly sales trends?**
   - *Code*
   - *Screenshot of visualisation*
2. **Which products have the highest revenue?**
   - *Code*
   - *Screenshot of visualisation*
3. **How is customer satisfaction varying across regions?**
   - *Code*
   - *Screenshot of visualisation*

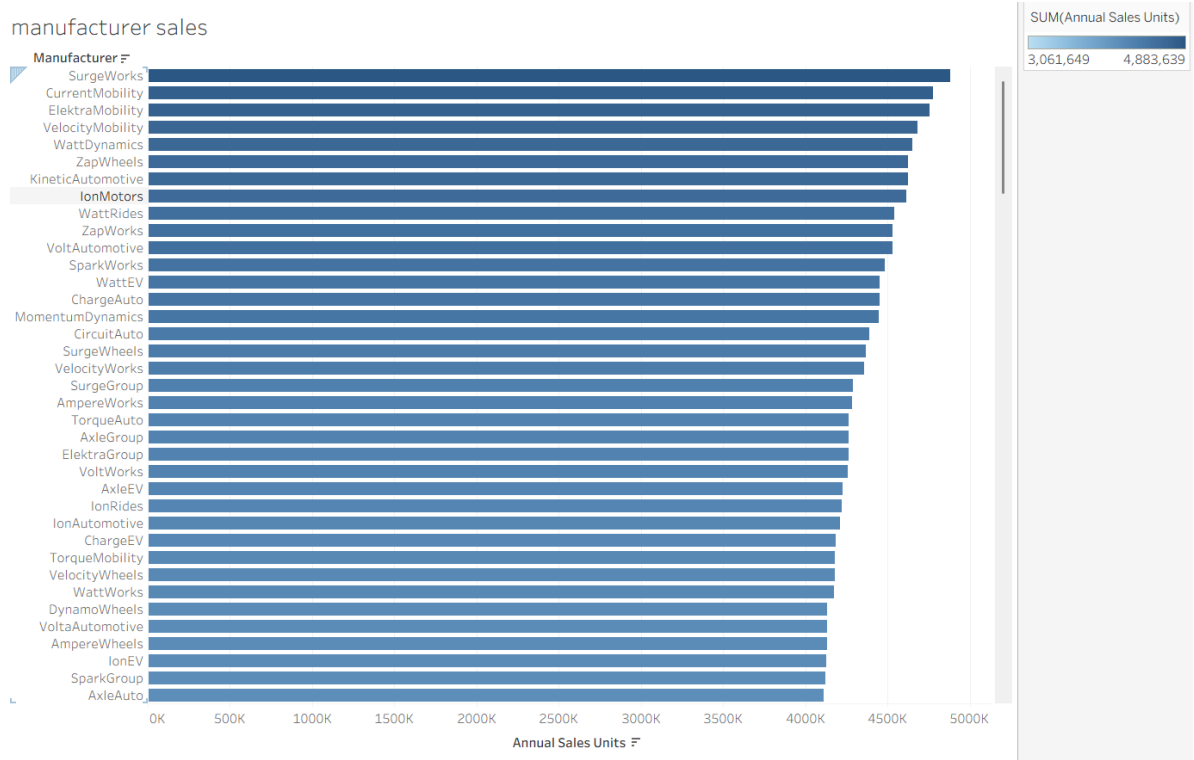

Note: Min 8 business question and visualisations Required inform of above

Business Questions and Visualizations

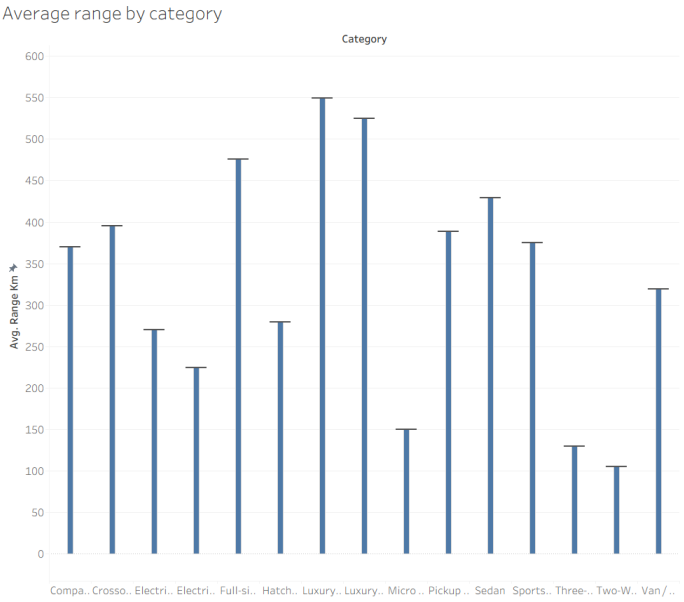

1: Which EV categories have the highest annual sales?

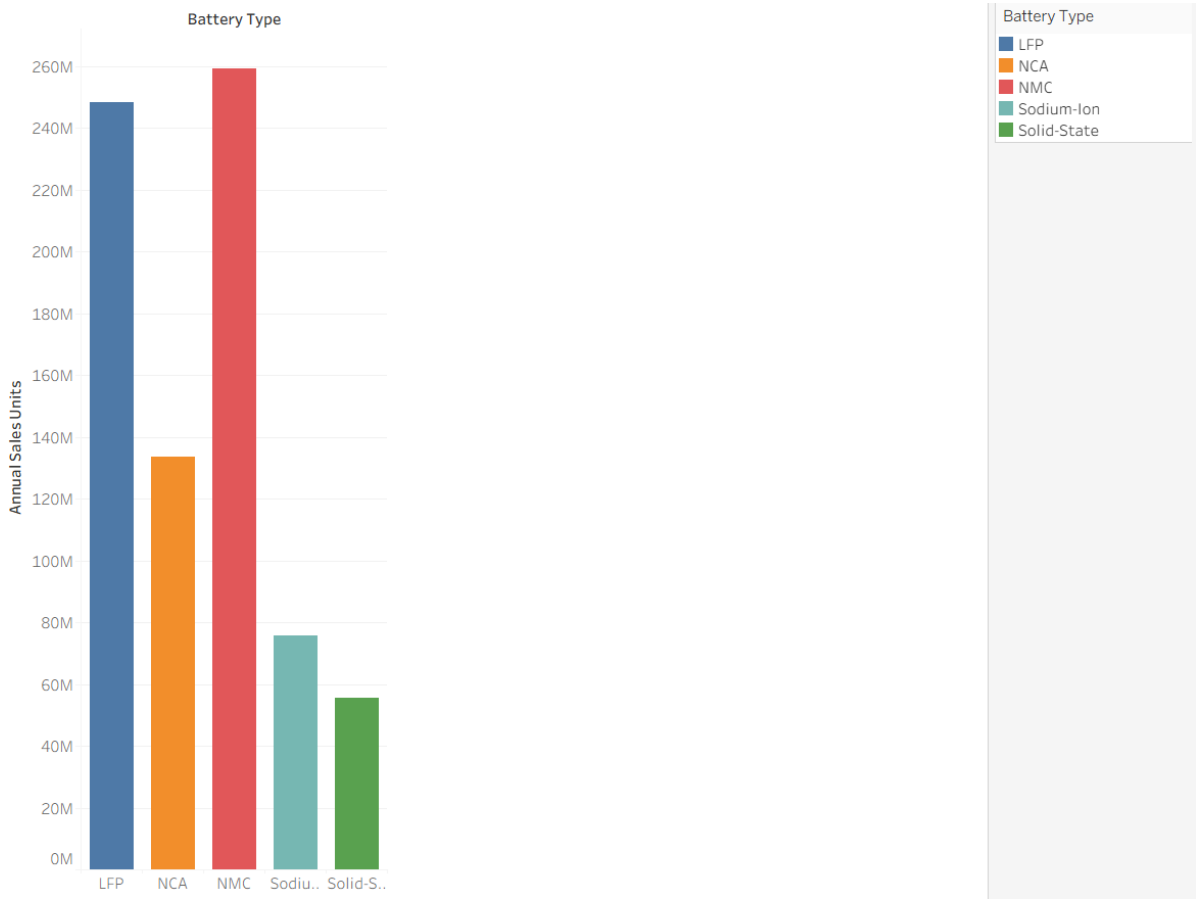

2: Which EV manufacturers have the highest sales?

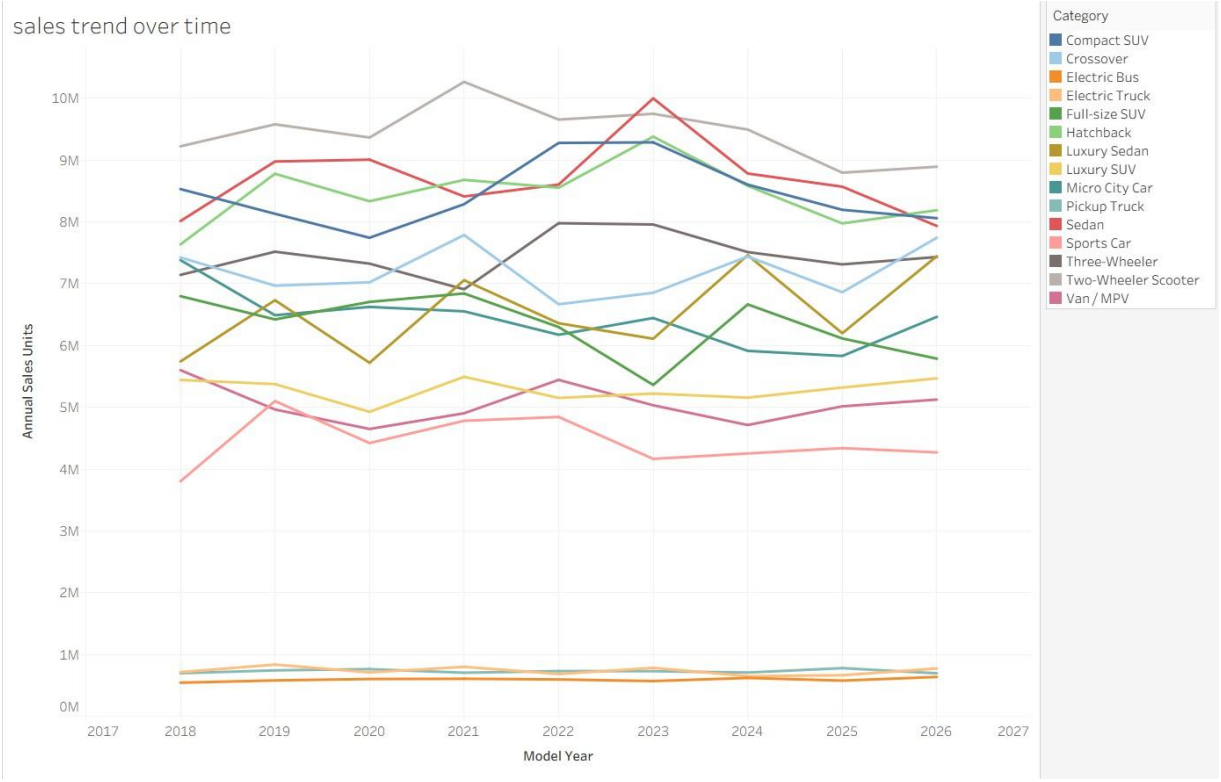

3. Which EV categories have the highest average driving range?

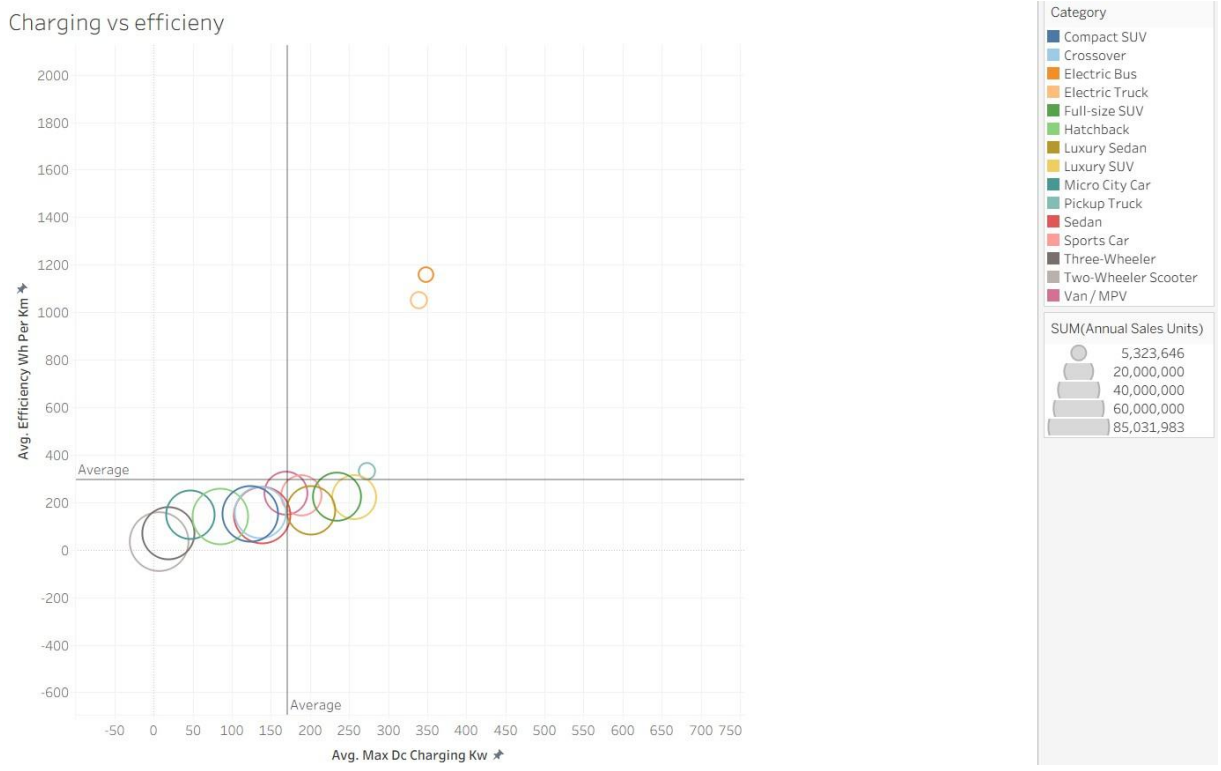

4. Which battery technologies are most widely used in electric vehicles?

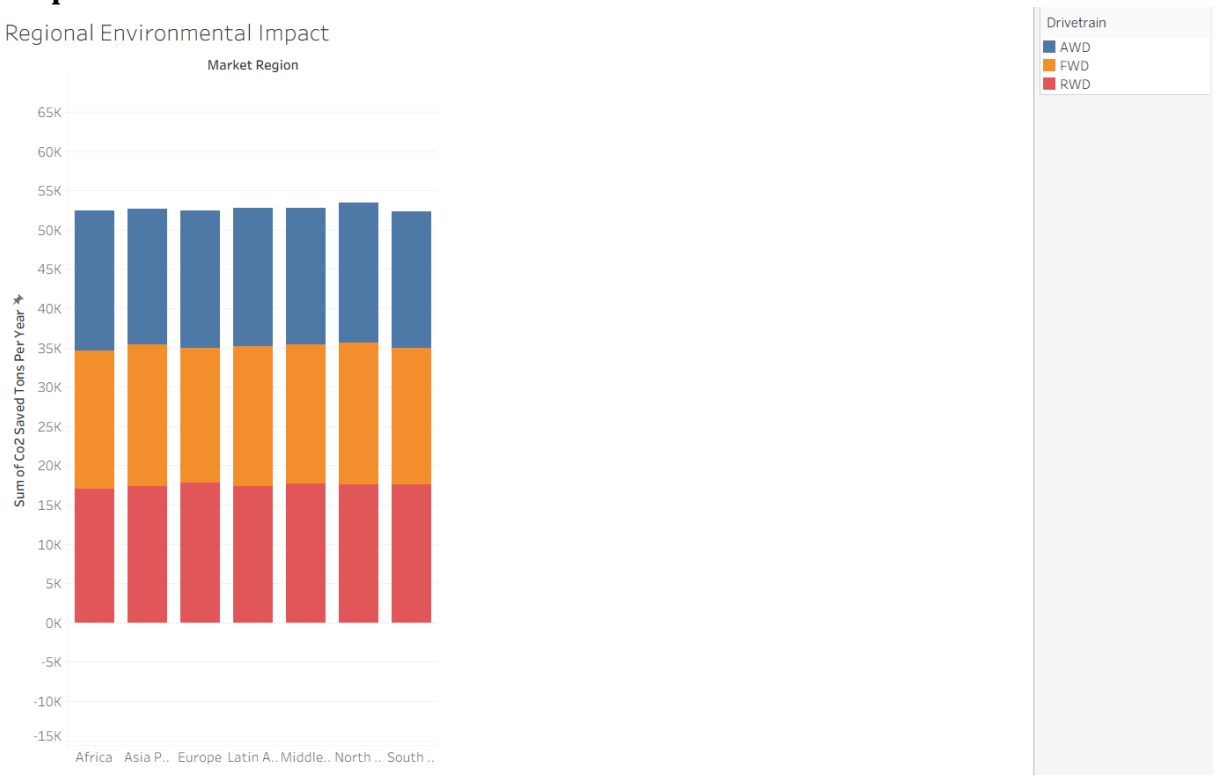

5. How have EV sales changed over time?

6. What is the relationship between EV charging capacity and charging efficiency?

7. Which regions achieve the highest environmental benefits from EV adoption?

8. Which countries manufacture the most electric vehicles?
